BULLARD-LINDSAY CONTRACTING CO., INC.
ATTN: BARRY BULLARD
1010 THIRD AVENUE, SUITE 301
NEW YORK, NY 10021

SUBJECT: N40085-06-C-3352, DREDGING, NAVAL UNDERSEA WARFARE
CENTER, SENECA LAKE, NEW YORK

Mr. Barry Bullard,

It is with great pleasure that I write this letter in consideration of the excellent performance and resultant success of the subject contract.

Without advance notice, this office had been requested by a very important customer, to affect the subject contract in an extremely short time period. As you are aware, the Navy's requirements were very demanding and restrictive. Bullard-Lindsay was not afforded the standard lead-times to review a specification, participate in a site visit, execute subcontracts, and prepare a proposal. You were limited to days versus weeks. It was mid-March at the time and in light of the environmental concerns mandating a completion date prior to May 1, 2006, our ability to effect a successful contract were in serious jeopardy.

Nonetheless, Bullard-Lindsay was able to mobilize, execute, and complete the requirements weeks ahead of schedule. The customer has stated his complete satisfaction with the excellent performance. Thank you very much for the attention and professionalism put into this project. The government will certainly endeavor to contract with Bullard-Lindsay in the future.

A handwritten signature in black ink, appearing to read "W. Ganter", is positioned above the typed name.
